MANAGEMENT

Design is the process of conveying a plan, plan, or idea through some form of activity. Human beings transform the world through labor, create civilization, create material and spiritual wealth, and the most fundamental and primary creative activity is creation. Design is the pre planning of creative activities. The planning techniques and process of any creative activity can be understood as the process of conveying a plan, plan, or idea through some form of activity. Human beings transform the world through labor, create civilization, create material and spiritual wealth, and the most fundamental and primary creative activity is creation. Design is the pre planning of creative activities.
