

CE

CONVEYOR

CP100K

01

### Scope of application

Glass bottles, plastic bottles, metal cans, cartons, boxes, precision devices, hardware, auto parts, low-voltage electrical appliances, etc.

02

### Use way

Used for conveying glass bottles, plastic bottles, cartons, paper boxes, metal products, auto parts, low-voltage electrical appliances, printing, spraying production date, batch number, anti-counterfeiting mark pattern for inkjet or laser machine, laser printer, give full play to the advantage of high-speed jet printing machine, greatly improve the work efficiency of jet printing. Reduce production cost.

03

### Line industry

Hardware accessories, food, beverage, pharmaceutical, electronics, tobacco, chemical, auto parts and other industries.

## Product Introduction

Product Model	CP100K
Conveying Speed	0-25m
Supply Voltage	220V
Motor Power	60W
Location Mode	Single barrier/Single regulation
Effective Width of Conveyor Belt	193mm
Outline Dimension	150cm*25cm*75cm
Power Controller	Electronic governor
Power Device	Motor
Transmission	Gear / chain / belt
Surface Industry	#201 Stainless steel wire drawing
Fuselage Material	#201 stainless steel bending
Warranty Time	1 year
